

# Welcome to Kiniksa One Connect™

Your **personalized** treatment support starts here

KINIksA  
**oneconnect**™  
support made simple.

# We're here to help

We understand that starting a new treatment can be challenging, which is why the Kiniksa One Connect program was created—to help make support simple.

We are a team of experienced individuals, known as **Patient Access Leads**, with knowledge of insurance plans and healthcare networks.

Once you are enrolled in Kiniksa One Connect, you will be paired with a dedicated Patient Access Lead to receive personalized one-on-one support throughout your entire treatment experience.

While your healthcare provider is your go-to resource for all of your medical needs, we have unique expertise to help navigate:

- ✓ Insurance coverage and benefits investigation
- ✓ The prior authorization process
- ✓ Treatment logistics
- ✓ Options for injection training
- ✓ Ongoing education and support

---

Discover the ways we can help you at each step of your treatment journey

Starting  
treatment

Financial  
assistance

Treatment  
support

**“We’ll be here for  
you from the  
very beginning.”**

**After your healthcare provider submits a Kiniksa One Connect Enrollment Form with your signature and consent, our work begins. We will help to make starting treatment a seamless experience.**

**Understanding your insurance coverage**

We will guide you through the insurance process by helping explain your coverage and by partnering with your healthcare provider to assist if a prior authorization is needed.

**Quick Start Program**

If eligible, we may be able to help you begin treatment while you are waiting for an insurance coverage determination.

**Injection training**

After coordinating your first treatment shipment, we’ll work with you to set up one-on-one injection training sessions with an ARCALYST® (rilonacept) Nurse Educator. They can provide guidance and training on the injection process.

Financial  
assistance

**“We think your focus  
should be on your health,  
not treatment costs.”**

Our programs are designed to help eligible patients **remove barriers** to treatment.

**Kiniksa Copay Assistance Program**

If you are eligible, the Kiniksa Copay Assistance Program may be able to help lower out-of-pocket costs related to receiving treatment, such as copays, coinsurance, and deductibles to as little as \$10 per month.\*

**Patient Assistance Program**

If you struggle with high out-of-pocket costs, do not have insurance, or find that your treatment is not covered by insurance, our Patient Assistance Program may be able to help. We will work with you to see if you qualify for this program and discuss any questions you may have.†

\*To be eligible for the Kiniksa Copay Assistance Program, you must have commercial insurance, must not have Medicare, Medicaid, or other government insurance, and must meet other eligibility criteria. You also must agree to the rules set forth in the terms and conditions for the program. Please visit [kinixsapolicies.com/copay](https://kinixsapolicies.com/copay) to review additional eligibility criteria.

†To be eligible for the Kiniksa Patient Assistance Program, you must meet certain financial eligibility requirements. Please visit [kinixsapolicies.com/pap](https://kinixsapolicies.com/pap) to review additional eligibility criteria.

Patient Access Lead

**“Our service never stops.”**

**Our work doesn’t end after treatment begins. We want you to feel supported every step of the way.**

**Product shipping**

We partner with select specialty pharmacies to provide refill reminders and deliver prescriptions directly to your door. These specialty pharmacies also provide access to items such as sharps disposal containers to ensure that you have the necessary supplies for each injection.

**Product support**

We can assist you with product-related questions and provide access to educational tools and resources for additional information about your treatment.

**Resources and support**

Throughout your treatment journey, we will check in with you to make sure we’re staying up to date on your needs. If there are any changes in your situation (new insurance, a change of address, upcoming travel, etc.), we can help you find ways to avoid treatment interruptions. If you need additional information and support, we can also direct you to patient advocacy and support groups.

# We want to get to know you better

As you begin your treatment journey, it may be helpful to have certain information handy **all in one place**. Use the sections provided to keep track of contact information, injection training dates, and any questions that you have for us or your healthcare provider along the way.

**My Patient Access Lead is:**

---

**My ARCALYST® (rilonacept) Nurse Educator is:**

---

**My injection training is scheduled for:**

Date: 

---

Time: 

---

## **Treatment plan**

**We want you to feel empowered and in control throughout your treatment.** Do you have any questions for your healthcare provider before getting started? Do you understand your treatment plan?

## **Injection training**

**It's important that you are able to properly administer your treatment.** Do you need to schedule an injection training session? Are there certain steps in the process you could use help with?

## **Insurance coverage**

**Insurance can be confusing and sometimes frustrating if you're not familiar with your coverage.** Do you know what's covered by your plan? Do you have questions about specific parts of your coverage?
